

# JOHNATHAN MATHEW CARTER

Senior Software Engineer

+1 987 654 3210 | john.carter@example.com

## PROFILE SUMMARY

Highly skilled software engineer with 8+ years of experience in backend development, cloud computing and scalable microservices. Proven track record of leading engineering teams and delivering high-performance applications. Highly skilled software engineer with 8+ years of experience in backend development, cloud computing and scalable microservices.

## WORK EXPERIENCE

Senior Developer – Amazon (2021–Present)

- Led backend team of 6 engineers
- Built scalable microservices processing 10M+ monthly requests

Software Engineer – Microsoft (2018–2021)

- Designed REST APIs using FastAPI
- Improved system performance by 32%, Senior Developer – Amazon (2021–Present)
- Led backend team of 6 engineers
- Built scalable microservices processing 10M+ monthly requests

Software Engineer – Microsoft (2018–2021)

- Designed REST APIs using FastAPI
- Improved system performance by 32%

## EDUCATION

B.Tech in Computer Science – MIT University (2014–2018)

CGPA: 8.9/10, B.Tech in Computer Science – MIT University (2014–2018)

CGPA: 8.9/10

## SKILLS

Python, FastAPI, Django, SQL, Machine Learning, AWS, Docker, CI/CD, Microservices, Python, FastAPI, Django, SQL, Machine Learning, AWS, Docker, CI/CD, Microservices

## LANGUAGES

English (Fluent)

Spanish (Intermediate)

German (Basic)

## CERTIFICATIONS

AWS Solutions Architect

Google Data Engineer

Microsoft Azure Developer,AWS Solutions Architect  
Google Data Engineer  
Microsoft Azure Developer
